

Zak Zoo lives at Number One, Africa Avenue.
His mum and dad are away on
safari, so his animal family is looking
after him. Sometimes things get a little . . .

. . . **WILD!**

On Monday morning, Zak Zoo woke
up early. He jumped out of bed and
went to wake his animal family.

Zak's family liked to sleep in funny places. Emily slept in the wardrobe, and Pam slept in the sock drawer.

Bob liked to sleep on the radiator where it was warm.

"Wake up!" roared Zak, and everyone woke up at once.
